- Brenda shared that we are using the book, *The Boy, the Mole, the Fox, and the Horse* in our Team Time as part of our social and emotional learning this year. Brenda told about the story and gave a copy of the book to each member of the council. Chelsea Finch shared that she had been subbing at DFMS the first week of school and read the first 2 pages of the book with a class in Team Time and went home and bought the book.
- Cecily explained that the SCC has the assignment to address digital citizenship and school safety. Each year we review several things that the district and school has in place to address digital citizenship/school safety so that the council can address any concerns or make suggestions for improvement.
- Cecily shared that our Covid numbers did peak, but should drop in the next few days. We discussed how students that are in quarantine can work with teachers online using Canvas.
- Whitney Hancock made a motion for the meeting to end. AJ Young seconded the motion. All present were in favor.
