- **Underwater Robotics Club Contest** - Landen Garner presented this idea to the council at the beginning of the school year. This after school activity was a huge success. About 30 students participated in this activity with four teachers helping as well. The students were able to compete this month and did well representing DFMS.

3. Trustland Plan 2023-2024 (Brenda Burr)

- What is the plan for the school year of 2023-2024? This plan was also previewed in the February meeting.
- Council will discuss the plan and approve the plan. - Brenda Burr presented the Trustlands Plan again the council and discussed how the money will be spent to focus on student technology, teacher professional development, and reducing class sizes. We discussed our school MTSS team and how we as a staff are focussing on Tier 1 interventions and catching students who need Tier 2 interventions to help them succeed. The council approved the draft of the plan and we will look over it one more time in next month's meeting.

4. Upcoming Meeting Schedule (Ashley Shepherd - Chair)

- April 13 Any remaining items / Finalizing Trustlands plan if not completed in March
Last meeting of the year if everything is complete

6. Questions

- Will the new stop light on center street and 800 east affect our school walking routes? Jentry will find out and report back. We do not think at this time that it will in any way. We are hoping to keep our crosswalk at 900 east.
