

Closed Campus

DFMS, and all middle and jr. high schools in Nebo District, are closed campuses.

This means that, once students arrive on campus, students must remain until school is dismissed at 2:45 p.m. (2:00 on Mondays) **OR** until they been properly checked out in the office and leave campus with the person that has checked them out.

Students always CHECK IN and OUT through the front office.

ALWAYS CHECK OUT in the front office! This way we know that you are safe and we ensure that your attendance is recorded accurately.

Lockers: Pro Tips

It can take a lot of tries to get the hang of opening your locker! Before school is a great time to practice. Between classes you need to hustle to your next class!

You can carry your backpack, so you never have to go to your locker. But if you feel like you **really** need to go, the best times are:

- Before school to put your lunch/coat in.
- Before lunch to get your lunch/coat.
- After lunch to put away your lunch bag/coat.
- After school to get your lunch bag/coat.

Yes, you can decorate your locker. However, if you put things like mirrors on the inside of the door of your locker, you will likely jam the lock so that you can't open it. That's happened to a lot of the lockers that people haven't been able to open!

Just decorate the inside walls. But remember that you have to clean it all up at the end of the year, so don't use marker or anything sticky!
