

WELCOME TO MRS. MENDIZABAL'S CLASS

ABOUT THE CLASS

Dear Parent/Guardian,

My name is Summer Mendizabal. I'm eager and thrilled to be teaching your child this year!

This year our school will be teaching the Read 180 program. The Read 180 literacy program aims to help students master the skills they need to read at grade level. Our school has carefully selected students to participate in this program to support their instructional needs.

Read 180 is a research-based program with proven results in raising student reading achievement. Students will use software designed to target students' specific reading needs, and will engage in independent reading.

In our Read 180 class, students will strengthen their literacy by developing:

- Skills needed to read fluently and understand what they have read;
- Knowledge needed to read and understand texts across a wide range of subjects, such as social studies, science, and math;
- Writing skills across a range of writing types;
- A deep level of confidence in themselves and their literacy abilities.

Thank you in advance for helping us to achieve our goals. Together we will support your student on the path to strengthening their reading, language, and writing skills!

Sincerely,
Summer Mendizabal
