

Math 6 Information Packet

Ms. Correa

Room: 1

Email: Allison.correa@nebo.edu

Phone: 516-526-8242

School Rules & Expectations: Be **ALL IN** for learning! Live the Diamond Fork Values: Respect, Compassion, Courage, Integrity, Perseverance, and Curiosity.

Every student has the right to feel safe in their school and classroom. I expect all students to follow the rules of the school in my classroom. Respect your school and the people around you. Be honest in your work and actions. Avoid behaviors that will disrupt learning in the classroom and in the school.

- **Cellphones:** There is a strict NO PHONE policy at Diamond Fork. Phones must be in your locker or backpack during class. They are allowed during lunch and in the halls during passing periods. If I see it, I will confiscate it and you will get it back at the end of the day. After two offenses, your parent or guardian will need to get it from the office.

Mrs. Correa's Class Rules & Expectations:

1. **Be prepared-** come to class with necessary supplies, a good attitude and ready to learn.
2. **Follow directions-** Listen when the teacher is talking, follow directions the first time when given, complete tasks when asked.
3. **Use Kind Words-** always use kind language with teachers and students.
4. **Have a Calm Body-** Keep your hands to yourself and make sure all body language is respectful.
5. **Always do your best-**show effort in class, participate, complete assignments, and work hard

Required Materials: Please bring the following to class every day:

- A pencil/pen
- A great attitude :)

Grading Scale:

A	84.5-100%
B	69.5-84.4%
C	54.5-69.4%
F	0-54.4%

Course Components

This class will expose students to the concepts of Math 6 and give them the opportunity to practice and explore those concepts. These concepts include finding the area of shapes, using positive/negative integers, real-world division, unit rate, percentages and equations!

In this particular Math 6 course, students will also be given opportunities to review and further develop basic math skills that are functional in everyday math situations.

Homework: Homework will not be assigned in my class. The only time students will receive homework is to make up for absences or illness.

Honesty/Integrity: Cheating in any form is unacceptable. A student who is caught cheating will receive a zero for the assignment/assessment, and will have their citizenship dropped to a "U". The student will redo the assignment/assessment for credit.

Citizenship: Students will receive a separate grade for citizenship. Your citizenship grade in this class will be based on the scale below. Citizenship can go down depending on class behavior such as participation, following directions, showing respect and respecting the other Diamond Fork Values. The Diamond Fork values are respect, compassion, courage, integrity, perseverance, and curiosity.

S (Satisfactory) = 90-100
N (Needs improvement) = 70-89
U (Unsatisfactory) = 0-69

While you may lose points for breaking class/school rules, you can earn them back with exceptional behavior, completing work on time, and helping classmates or the teacher.

****Poor behavior for a substitute will automatically drop a student's citizenship to a "U"**

Food in the classroom: There is none!!! Please do not bring any food into the classroom. Each student should have a water bottle (for water only). Exceptions include snacks that I may bring as part of an activity.

Attendance: Always call or email the attendance office to excuse your child, even if you have already told me. Please contact them about fixing late tardies or excused absences.

Questions or Concerns: If you find yourself confused or overwhelmed, **please** talk with me to arrange a time to come meet me before school or after school so that we can get you the help you need!

Parents/Guardians, you may reach me before or after school (516-526-8242) or by email Allison.correa@nebo.edu. I will try to email you back within one business day. Please don't hesitate to contact me if you have any questions or concerns regarding your student. I look forward to a fantastic year! If you need to get a hold of me during school hours, please call the office and they can transfer me to you.

Other Information

We will be using i-Ready Classroom Mathematics Grade 6 as our course textbook with additional resources from i-Ready.com and numerous other math websites and teacher-made materials.

Welcome to middle school! This is going to be an amazing year! Thank you for all you do!
